SUBJECT : Deputy Director of Central Intelligence  
Carlucci's FOIA Statement Before the  
House Permanent Select Committee on  
Intelligence

1. The purpose of this memorandum is to advise addressees of the exemplary effort and teamwork put into the preparation of Mr. Carlucci's public statement on the FOIA by the following officials of your offices: Messrs.

2. The statement was well received by the Congressmen present. Thereafter, the Senate Select Committee on Intelligence requested copies of the statement. Further, both the Washington Post and New York Times carried short stories citing the DDCI's speech. Most recently, a summarized version of the statement was prepared by this Office and appears as the lead item in the 24 April 1979 "Notes from the Director."

3. It is this type of group effort which helps make our mission fulfilling and worthwhile. Mr. Carlucci has expressed his personal appreciation to this Office and I, therefore, wish to pass on that commendation to those who contributed to the effort.
